DEAR EDITOR,

I am supporting Randy Yedinak for Livingston County State's Attorney because he is qualified and has excellent experience for this important decision. We have attended the same church and we have served on several committees together.

Beyond this, I know Randy as an individual and feel he is honest and interested in his community and in serving its citizens. Randy's reputation in the legal community is well founded. Many among those who work in the criminal justice system are strong supporters of his candidacy.

Please consider voting for Randy Yedinak for State's Attorney in the March Republican primary.

Tom Ewing
U.S. Congressman, Retired

DEAR EDITOR,

I have been privileged to serve the last 36 years as your Livingston County Circuit Clerk. Prior to that I was a legal secretary in the state's attorney's office. I have worked with hundreds of attorneys during my career.

I have known and worked closely with Randy Yedinak when he served as an assistant state's attorney in Livingston County.

To serve in any county-wide elected or appointed position the public depends on people to be honest, have integrity and, most of all, fairness. During the time Randy worked in Livingston County he was always available to give assistance and advice when needed.

Randy showed all of the above qualities, which is called an OPEN DOOR POLICY!!

Randy has the character and legal ability to perform the duties of Livingston County State's Attorney. Please join me in your support and vote for Randy Yedinak on March 15, 2016.
