Celebrating move with ribbon cutting

Weathersby's Livingston County Cleaning Supplies held a ribbon cutting ceremony with members of the Pontiac Area Chamber of Commerce Wednesday afternoon to commemorate its move to its new larger location at 320 W. Howard St. in Pontiac. JOY BUTLER/DAILY LEADER

BREAST CANCER AWARENESS MONTH

Pink light bulbs available at public health department

In recognition of Breast Cancer Awareness Month in October, the Livingston County Public Health Department is again selling pink light bulbs for \$4. Everyone is encouraged to light a pink bulb in their porch light or window during the month of October. The pink lights serve as a reminder to all women to get breast exams and mammograms as recommended.

Livingston County women ages 35-64, without health insurance, can get free mammograms. Women ages 35-64 who have health insurance with a high deductible can receive assistance to cover their deductible if they need diagnostic services.

Both of these benefits are provided though the Illinois Breast and Cervical Cancer Program (IBCCP) which is administered by the Livingston County Public Health Department.

Since there is no certain way to prevent breast cancer, early detection is the best defense. When cancer is found early and it's confined to the breast, the five year survival rate is over 95 percent. The best way to find breast cancer early is through regular screenings.

The most common risk factors for breast cancer are being a woman and getting older. However, anyone can get breast cancer. One percent of breast cancers occur in men. Younger women can also develop breast cancer.

In addition to getting breast exams and mammograms, paying attention and knowing how your breasts normally look and feel is important. If you notice any change in your breasts, see your health care provider immediately.

For more information about purchasing pink light bulbs, or IBCCP benefits, call 815-844-7174.
